STRIKE-BREAKERS ON WAY

CHICAGO, June 15.—The second day of the strike of street car men passed today with the elevated companies running occasional trains over part of its system and the continued complete tieup of the surface lines. Only a few minor acts of violence were reported in connection with the operation of the elevated trains which carried few passengers and made irregular stops.

Orders Operation of Line.
Prospects of the United States government overseeing the operation of Oak Park division of the elevated system were seen in an order by C. C. Kohlsaat, judge of the United States circuit court of appeals, directing Samuel Insull, receiver of the Chicago & Oak Park Elevated railroad, to resume operation at once and to report "any unlawful interference or obstruction by any persons whomsoever for such action as the court may deem proper."

Traffic is More Congested.
In the meantime the great mass of the population walked to work or rode in automobiles, steam trains or buses which included vehicles of all description ranging from the converted ice wagon to the huge delivery motor trucks with seats for forty or fifty passengers. In spite of the absence of streets cars, traffic was more congested than ever before and tonight police officials were attempting to work out a scheme of regulation to control motor cars which have been running through the shopping quarter in the heart of the city. An effort may be made to keep the cars from entering the downtown streets and provide stations just outside where they can discharge and receive passengers.

Court Has Charge of Road.
Judge Kohlsaat's order came just before the close of court today. The Chicago & Oak Park Elevated railroad company, operating about ten miles of road on the west side, went into the United States district court some time ago and obtained the appointment of Mr. Insull as a receiver, as the sequence of a suit brought against it by the Central Trust company of New York. The receiver-ship has not been discharged and the federal court has charged through the receiver of the operation of the road and the employees of the road are thus employees of the court.

Provides Fair Treatment.
Provisions also was made in the order for fair treatment of the employees who have gone on strike, in the direction that the receiver shall furnish to the court all information as to the facts and circumstances in which the strike was called.

"In exercising its powers over the railroad, the court owes a duty to the employees," the order read, "namely the duty to see to it that they are fairly treated in all respects, for they are, for the time being, employees of the court."

"But the court also owes a duty to the public and that is to be taken care of."

Contradictory to Ordinance.
The direction to employ "such men as may be available" is contradictory to an ordinance passed last night by the city council which Mayor Thompson has not yet signed. It restricts the employment of motormen to men who have had 21 days instruction on the Chicago lines under an instructor who has worked on the Chicago lines for a year and prohibits employment of conductors who have not had 14 days similar instruction. Reports from eastern labor centers are that numerous strike-breakers are on their way here from the east. Several hundred recruited in this city are housed in outlying barns.

The council committee of five, headed by Mayor Thompson, named last night, spent the afternoon in conference with labor leaders. At night the traction officials joined the meeting and the prolonged discussion gave rise to hopes that a settlement was in sight.

Traction officials rejected the offer of the state board of mediation. Union officials to whom the same offer was made ignored it.

Senate Directs Investigation.
The Illinois senate after a lively session at Springfield directed the state public utilities commission to make an immediate investigation

RESCUE FOUR MINERS ENTOMBED FIVE DAYS

MEN ARE FOUND STANDING IN MUD
UP TO THEIR WAISTS

Two Others Imprisoned When Drift
of an Adjoining Abandoned Mine
Was Struck, are Believed to be
Dead.

Joplin, Mo., June 15.—Four of six miners who were entombed in the Longacre-Chapman zinc mine near here last Thursday night, when they broke into a drift of an adjoining abandoned mine, were rescued alive tonight. They had climbed into a pen 25 feet above the level of the drift and escaped an avalanche of mud, water and gravel that filled the workings.

The two others entombed are believed to be far back in the workings and dead.

The four rescued tonight were in good physical condition despite the fact they had been without food and water five days. They were found 250 feet from the main shaft of the mine. One of them said they had a few moments warning and they rushed to the drift pen where a steam hoister and pump blocked the main portion of the debris as it rushed into the drift. When found the men were standing in mud up to their waists.

PRINTS SARCASTIC COMMENT ON ZIMMERMAN'S SUGGESTIONS

Count Von Reventlow States Impres-
sions Articles Must Make Abroad
Cannot Be to The Interests of
Germany.

Berlin, via London, June 15.—Count Ernest Von Reventlow, the naval expert, has a sarcastic article in this morning's Tages Zeitung in reference to Herr Zimmermann's suggestions. He begins by quoting the Lokal Anzeiger's remarks concerning jingoes, the recommendation made to the government and the argument that nobody in Germany desires war with the United States. Count Von Reventlow points out that articles somewhat similar in tenor appeared in two other Monday morning papers and says this seems to indicate the existence of "a mutual electrical ignition station."

The impression which these articles must make abroad he remarks, cannot be to the interests of Germany. It is a fact that no one in Germany wants war but the articles referred to are calculated to give the impression that currents exist in Germany which make the chancellor's task harder and which plan the bringing about of war. American politicians will ask themselves, he says, for what internal political reasons such rumors as set loose at the present time in Germany and conclusions which in the interests of Germany had better not be drawn.

"Further more, it cannot have a favorable effect," the count continues, "when the United States gets the impression that newspapers with the connection of the Lokal Anzeiger appear already to consider as warlike, agitation and as making the chancellor's task harder the fact that part of the German press has heretofore emphasized that in the matter of the submarine campaign a firm stand must be maintained, even against President Wilson. We are unable to comprehend that it is correct continually to repeat the assurances that Germany must in all circumstances reach an understanding with the United States."

TORPEDO NORWEGIAN STEAMER

London, June 15.—Advices received here from Stornoway, Scotland, relate that the Norwegian steamer Duranger, formerly the Norwegian Steamer Orion, has been torpedoed and sunk by a submarine off the Heibes Islands. The crew of twenty-one arrived today at Stornoway.

The Duranger was 289 feet long, of 2,280 tons gross and was built in 1888.

VILLA TO MAKE REPARATION.

El Paso, June 15.—General Francisco Villa, has instructed his officers at Tuxpam to punish persons guilty of the killing of four and wounding of one British subject; recently, according to advices received today by H. C. Myles, British consul here. The message from Niguel Diaz Lombardo also stated that the Villa government would make reparation.

FIVE GRANDSONS OF GARIBALDI GO TO FRONT

Rome, June 15, via Paris, June 16.—Five grandsons of Garibaldi, the patriot, left for the front today. In addition to General Ricciotti Garibaldi, their father and their mother, a large crowd gathered at the station to wish the departing soldiers success. Several short addresses were made at the station and as the train pulled out there were cries of long live Trent, long live Trieste, and long live the Garibaldi brothers.

TO TEACH SUMMER SCHOOL.

Miss Maud Smith, who is supervisor of drawing in the public schools of Decatur, is home for a few days. She will leave the last of the week for Charleston where she will teach during a summer course in the Eastern State Normal. Miss Smith will resume her work in Decatur in the fall.

BITTER FIGHT ENDS ABRUPTLY

House Refuses to Suspend
Rules to Consider
Car Limit Bill

ATTEMPTS TO SAVE BILL

Mulcahey Seeks Further Con-
sideration But Is Not Recognized
By Speaker Shanahan

KILL ANTI-PLEDGE MEASURE

SPRINGFIELD, Ill., June 15.—Probably the most bitter fight between capital and labor at this session of the legislature came to an abrupt end today when the house refused to suspend its rules for the consideration of the McGloin car limit bill.

Meets Stubborn Resistance.

Every attempt to advance the bill met with stubborn resistance on the part of the railroads who have maintained a large lobby in Springfield most of the session. A similar big lobby of representatives of organized labor fought hard for the life of the bill.

When Representative McGloin of Chicago called the bill up for consideration today Representative Brinkman of Chicago objected. The bill on the motion to suspend the rules was 61 to 7, sixteen short of the required 77.

Attempts to Save Bill.

Before the vote was announced Representative Mulcahey of the labor delegation attempted to have further consideration of the measure postponed so that the bill could be kept alive technically. However, speaker Shanahan did not recognize him and the vote was announced. In speaking for the bill, Representative Smith of Chicago intimated that if the measure was not passed, a gigantic strike of railroad employees in Illinois might result. The efficiency and economy commission's bill creating a state department of education was killed by the senate.

Bills Passed by Senate.

Among the bills passed by the senate are the following:
Permitting Illinois insurance companies doing business in other states to deposit with the Illinois insurance department their securities to protect their policies in other states.

Providing that technical defects shall not invalidate real estate titles and providing that no mortgage shall be a lien upon property if unsatisfied ten years after maturity.

Recreating for a period of two years the state mining investigating commission.

Authorizing cities of less than 50,000 inhabitants to establish and maintain public parks.

Measure Adopted by House.

Following are some of the bills passed by the house:
Giving trustees of schools, board of school inspectors and boards of education in cities of less than 500,000 population, when school districts exist by special charter, the right of eminent domain to acquire land for school purposes.

Providing for the election of an additional judge for a city court whenever there shall be a judge for each 50,000 people in the city, such election to be called by the city council. Fixes the salaries of judges in cities of more than 50,000 at \$4,000 a year. Also extends current jurisdiction of city courts.

Extending for two years the life of the state mining investigating commission and appropriating \$7,000 to cover its salaries and expenses.

Requiring that state veterinarian shall furnish hog serum to any person in state at cost.

Representative Gregory's anti-pledge bill which was passed by the house two weeks ago met death when the senate judiciary committee reported it out with the recommendation that it be tabled. The resolution provided a fine and imprisonment for violation and prohibited candidates for the various offices from making pledges.

Action Kill's Thon Bill.

The house shortly before midnight refused to suspend its rules for the consideration of the Thon bill, providing for the state regulation of private banks. This action kills the bill. The house passed the Dalton bill prohibiting clairvoyants and fortune tellers from operating in Illinois.

BOYS FIND BODY OF WOMAN IN THE WILLAMEETE RIVER

PORTLAND, Ore., June 15.—Two boys found in the Willamette river here today a body believed to be that of Mrs. Emma Herrin Dickey, aged 43, a sister of William F. Herrin, vice president of the Southern Pacific company. D. C. Herrin, another brother, said he believed the body was that of his sister. Mrs. Dickey disappeared from a sanitarium here January 7th.

War News Summarized

Mosciska, on the line of the railway between Przemyśl and Lemberg upon which the efforts of the Austro-Germans have been centered since the fall of Przemyśl, has been captured. Mosciska lies about 20 miles east of Przemyśl and is almost in a direct line with the Galician capital, against which all the energies of General Von Mackensen, the German commander, are being directed.

An unofficial report says that Von Mackensen has telegraphed the German emperor that he hopes to occupy Lemberg by July 1st.

But notwithstanding this optimistic view there are still many obstacles in the way of victory to the Austro-German arms in this section of Galicia, for the Russians hold strongly fortified positions many miles in front of Lemberg and will, in addition, have the advantage of natural defenses of the country round including a chain of lakes and marshes.

All along the Galician front heavy fighting is in progress and the Austro-Germans, according to their reports, are still gaining ground everywhere, with the capture of Russian positions, men and equipment.

Indications that heavy fighting is continuing in the region about Arras are obtained from both the French and German official communications. But these reports are somewhat at variance. Berlin asserts that between Lievin and Arras an attack in close formation by the French was put down with heavy losses, while Paris declares that in the sectors of Lorette and Neuville several German lookout posts were captured. An admission is made by Berlin that the Germans have been unsuccessful in their attempts to retake trenches recently lost by them northwest of Moutin-Sous-Toutvent, and that in Champagne the French are the aggressors but that they have been unable to gain an advantage.

A fleet of French aeroplanes have bombarded Karlsruhe, capital of the Grand Duchy of Baden, and in order to do this made the longest air voyage yet undertaken by allied airmen. Myre taken by allied bombs and shells were dropped on various points. These started fires and caused a serious panic at the railway station. Twenty-one of the twenty-three aviators returned to the base.

Twenty-five thousand Austro-Hungarian troops have been sent from Trent against the Italians on the Riva-Rovereto front. Adding to previous credits of \$4,310,000,000, the British house of commons has voted \$1,250,000,000 for the prosecution of the war. Premier Asquith estimates that Great Britain's daily expenditure will not be less than \$15,000,000.

ASQUITH STATES CARSON DID NOT WANT TO JOIN CABINET

Premier Asserts He Regretted Ex-
tremely the Absence of Any Na-
tionalist in the Cabinet.

London, June 15.—Sir Edward Carson, the Irish Unionist leader, like John Redmon, the Irish party leader in the house of commons did not want to join the coalition government said Premier Asquith today in a speech of tribute to those who were according the government support.

"Sir Edward Carson at first declined when it was suggested that he join the administration," the premier said, "and it was only strong pressure and his sense of public duty which made him associate himself with the government."

Mr. Asquith said he regretted extremely the absence of any nationalist in the cabinet but he said he had done all he could to obtain the co-operation of all.

John Dillon in behalf of the Irish party, explained that their attitude meant no desire to oppose or to snipe the new government which had their fullest co-operation; but actually to join it was wholly inconsistent with the obligations of the party. He felt that aid from the outside would be most valuable and he regretted that other parties of Ireland had not adopted this method of nationalist self-effacement.

SIX ARE INJURED, TWO FATALLY BY SOUTH DAKOTA TORNADO

HIGHMORE, S. D., June 15.—Six were injured, two fatally by a tornado which swept this vicinity today. Thirty buildings were razed by the twister in the city of Blunt, near Highmore. North of Blunt crops suffered a heavy loss of livestock was registered. Telephone and telegraph lines are down in the rural districts and details of the storm are not available.

TRACTION ENGINE GOES THROUGH BRIDGE; ONE KILLED

Decatur, Ill., June 15.—O. A. Cannon of near Belknap was killed this afternoon when a traction engine was driving south of this city and fell 20 feet into the Sangamon river. Cannon was hit by a piece of the machinery and injured internally.

TEAGLE ACCEPTABLE TO VILLA FACTION

Practically Agree on For-
mer Madero Cabinet
Member for President

CARRANZA UNWILLING?

Indications Are That "First
Chief" Will Not Enter Confer-
ences With Adversaries

WATCHING DEVELOPMENTS

WASHINGTON, June 15.—Manuel Vasquez Tagle, minister of justice in the cabinet of Madero, who has taken no part in revolutionary activity in Mexico since Huerta's fall of February, 1913, has been practically agreed upon by leaders of the Villa-Zapata coalition as acceptable to them for the provisional presidency should an agreement with the Carranza faction be possible. Tagle was the only cabinet minister who did not resign when Huerta overthrew the legally-elected Madero administration. He left Mexico City then and has since lived in the United States. In official and diplomatic pretensions there has been much discussion of Tagle, especially because the United States has been desirous of according recognition not only to a provisional president agreed upon by the factions but one who could be brought into power by a continuation of the legal machinery existing before the Huerta regime.

Watch Developments Closely.

At present officials are watching closely political developments in Mexico. General Villa's overtures for peace, made directly to Carranza have not yet borne fruit but information as has reached here from Vera Cruz indicates that the first chief is unwilling to enter into any conferences with his adversaries, insisting that his forces will soon obtain a military supremacy which will merit recognition from the United States and foreign powers.

Charles A. Douglas, consul for Carranza in Washington, will leave tomorrow for Vera Cruz to confer with the first chief. (Word that General Hualdo Gonzalez, the Carranza commander, who is approaching Mexico City had refused to entertain peace proposals from a delegation sent by the Villa-Zapata convention government reached here today. Gonzalez is understood to have demanded the surrender of the capital within two days. The possibility that the Zapata forces will engage the Carranza arm for possession of that city has made foreigners apprehensive and already efforts are being made through diplomatic channels by some of the foreign missions in Mexico City to secure protection for their nationals in case of transfer of authority. Mexico City has been intermittently held by all factions and is not considered of strategic importance.

Does Not Reveal Plans.

President Wilson told callers today he believed the situation was shaping itself more definitely in Mexico but did not reveal the administration's plans. Efforts of the Villa-Zapata element to make peace with their former allies, the Carranza faction, are attracting the attention of officials, but so far as is known now pressure is being exerted by the United States, the attitude of passive observation of developments being maintained for the present.

Manuel Bonilla who was minister of communications in the cabinet of Madero and former governor of Sinaloa gave out a statement tonight urging that General Villa's plan for pacification be met half way by General Carranza. He came to Washington from General Villa's headquarters bearing a note to the United States commenting favorably on President Wilson's pronouncement for a unification of the warring factions.

WEATHER BUREAU PREDICTS MORE RAIN FOR TODAY AND THURSDAY

CHICAGO, June 15.—More rain tomorrow and still more rain Thursday is in sight in the western lakes region and the central valleys, according to the United States weather bureau. The rain is coming with what the bureau calls "a disturbance" which has moved from the British northwest, southeastward and was centered tonight in the Red river of the north valley. Monday's storm has continued northeastward down the St. Lawrence valley and is now causing general rains through the east.

DR. FLINT HEADS CORNELL.

Mount Vernon, Iowa, June 15.—Charles Wesley Flint of Brooklyn, N. Y., was today chosen president of the Cornell college by the board of trustees. Dr. Flint is a native of Ontario, Canada, and a graduate of Victoria college, Toronto. He has held prominent positions in educational circles in New York and Connecticut. The presidency of Cornell had been vacant since the death of Dr. W. F. King, about a year ago.

APPEAL TO PRESIDENT FOR NATIONAL DEFENSE

NATIONAL SECURITY LEAGUE ADOPTS
RESOLUTION

Urges Wilson to Call the Early At-
tention of Congress to the Press-
ing Need of Prompt and Efficient
Action.

New York, June 15.—A resolution introduced by Mayor Curley of Boston appealing to President Wilson to call the attention of congress to the "pressing need of prompt and efficient action" with regard to the national defense was unanimously adopted today by the delegates to the peace and preparedness conference of the National Security League. The Massachusetts delegates at first proposed that a special session be demanded to consider what they termed "the unprepared state of the country, but such action was deemed inadvisable and was abandoned.

The resolution urged that the president be asked to call the early attention of congress "to the pressing need of prompt and efficient action."

Prominent Men Speak.

The resolution was adopted at an executive session following a luncheon in a downtown hotel, which more than a thousand persons attended. The speakers were George Von Meyer, former secretary of the navy; Luke E. Wright, former secretary of war; Major George Haven Putnam and Frederick R. Conder. Mr. Wright said in part: "We have seen the well established rules of international law as applied to blockades and the rights of neutrals, disregarded by two of the great belligerent powers. It behooves us, the men and women of America, to see if this bloody tragedy which is being played before our eyes does not carry with it some lesson to us."

Must Rely on Preparedness.

One of those lessons is that stress of angry passion or selfish interests, may be torn to shreds and thrown in the waste basket. Another one is that the rights of neutrals are not always carefully regarded by angry belligerents and the third, the most important to us, is that if a nation can hope to escape from danger to its prosperity, or to its very existence, it must be by preparation and by a reliance upon its own preparedness, rather than upon treaties and written papers of any sort.

"I believe we ought to have a regular army, adequate to make a first line and to give us a breathing spell within which to organize out of our magnificent raw material, an army which would be sufficient."

ROCKEFELLER FOUNDATION BUYS MEDICAL COLLEGE AT PEKING

Makes Purchase in Furtherance of
Plan to Spread Chain of American
Hospitals Over China.

New York, June 15.—In furtherance of its plan to spread over China a chain of American hospitals to be managed by American surgeons with a view to improving medical hospital conditions in the republic, the Rockefeller Foundation here tonight announced that it had purchased the Union Medical college at Peking and that about August 1st next three eminent physicians will sail from San Francisco for China formally to take over the institution and further develop the work.

The three physicians are members of the China Medical board established by the foundation to carry out the numerous recommendations of a special commission which made a first hand study last year of public health and medical work in China.

They are Dr. Wallace Buttrick, director of the China Medical board, and secretary of the general education board. Dr. Simon Flexner, director of laboratories of the Rockefeller Institute for medical research and Dr. William H. Welch, professor of pathology at Johns Hopkins University. The Union Medical college it was announced, was purchased for \$200,000 from the London missionary society, a Congregational institution.

DEMONSTRATE PROMINENCE OF U. S. AS TEMPORARY FINANCIAL CENTER.

NEW YORK, June 15.—The prominence and importance of this country as the temporary center of world finance was again demonstrated today when English and French rates of exchange manifested greater weakness than at any time since New York entered seriously into the field of international banking. Demand sterling declined to 4.76½, and demand bills on Paris were sold at 5.45½. This puts the buying power of the English pound and French franc in this country at the lowest levels recorded in over fifty years and offers additional proof of the enormous quantity of credits held by American bankers and manufacturers, mainly as a result of the large war orders now under contract.

GERHARD REACHES COPENHAGEN

Copenhagen, via London, June 16.—Count Von Gerhards, special emissary from Washington to Emperor William arrived here tonight on the steamer United States.

TEUTONS REPORT ADVANCES IN EAST

Claim Progress Along
Virtually the Entire
Southeastern Front

LEMBERG IN DANGER

Fighting Is Growing Harder
Daily Along the Austro-
Italian Frontier

ASSURE GREEK WAR CHAMBER

LONDON, June 15.—The Austro-German rush in Galicia is on again. Both Berlin and Vienna officially say claim to progress along virtually the entire southeastern front and Lemberg seems again to be in danger. Mosciska, to the east of Przemyśl, has been captured by the Austro-Germans and according to the German contention the Russians are falling back south of the railroad connecting Przemyśl and Lemberg. All the Russian counter-attacks have been repulsed with gains for the Teutons from a point north of Przemyśl into Bessarabia.

Watch Battle Closely.

Far off as this front is from England and France it is being watched more closely than the western front because it would appear that these operations are being pressed in an attempt to clear Galicia of the Russians, preparatory to a breathing spell in the east, which is likely to be followed by a crushing blow aimed at Italy.

The fighting is growing harder daily along the Austro-Italian frontier and, in view of past performances it is considered reasonable to assume that Germany will throw a great mass of troops on this front and endeavor to sweep into Italy and hold ground there just as she has done in Poland, Belgium and France.

Issue Contradictory Reports.

The fighting in France around Arras while bitter and marked by daily attacks and counter-attacks, has reached the stage where the German flatly contradict each other. On the whole, it is believed here, the advantage has been with the French.

That England is prepared for long siege operations in the Dardanelles is indicated in an official statement just issued, explaining the nature of the tedious trench warfare prevailing although asserting that the Turkish offensive is not so sharp as it was formerly.

Assure Greek War Chamber.

Almost complete returns for the general elections among the war chamber for Greece, although with the king still in a precarious condition and the chamber not due to meet for more than a month no immediate events affecting Greece's neutrality are expected. The allied air raid on Karlsruhe resulted in considerable damage, although the nature of it has not been given in details. These aviators reached a point in Germany farther from their lines than any point previously reached by French or British airmen.

STRIKE CAUSES CHICAGO AUTO RACE TO POSTPONED A WEEK

CHICAGO, June 15.—Officials of the Chicago Automobile club tonight announced the postponement of the first 500 mile Chicago derby on a new road track at Maywood from Saturday June 19th to Saturday June 26th, on account of the street car strike.

Fifteen cars qualified at the elimination heats today. Dario Resta, the Italian driver, averaged 110.1 miles an hour for a lap, setting a new world's record for cars of 2000 cubic inches piston displacement.

SET DATES FOR MEET.

Chicago, June 15.—December 5th to 11th, were the date decided upon for the International Cable track meet between the United States, China, Porto Rico, South America, India and the Philippine Islands by the officials of the local Amateur Athletic federation who today decided upon the final rules for the events.

The Chicago Strike.

The strike of Chicago street railway employees is a source of inconvenience daily to about 3,000,000 people. The strike if long continued will result in heavy business losses to persons who are not employed by the railway companies and who have no stock in the companies. The public is made to suffer because the employers and the employees fail to get together.

From this distance it would not be fair to attempt to judge the merits of the case and it is very possible that the men are wholly justified in the demands for higher wages and better working conditions that they are making. Yet it does not seem reasonable that they should refuse to arbitrate the questions at issue. To the outsider arbitration seems the only rational means for arriving at agreement between contending parties and there should be some way of compelling arbitration in cases where the public has so direct an interest as in a railway strike.

The business of the street railway, it is true, is founded upon rights secured from the public and the business should be subjected to strict regulation but in settling labor disputes it seems reasonable that the railway company should have the same privilege as other concerns in submitting to arbitration. When one party to a difference will not arbitrate and the other will not make the concessions asked for without arbitration, what is going to be done about it?

A Review of State Papers.

Mention was made recently of the endeavor the English people are making to keep this country informed of events concerning the war by mailing to the press of the country weekly copies of English papers. Along with other papers the Journal recently received a letter from Sir Gilbert Parker stating that the London Observer would be sent while the war was in progress in the hope that extracts from it might from time to time be given to the public. More recently from the same source has come a bound volume of diplomatic documents relating to the outbreak of the war. The purpose of the volume as stated in the preface has not been to excite new attention to the facts set forth but rather for the benefit of students of history and politics "in these days," the compiler says, "historical evidence is apt to become rapidly overlaid by a mass of commentary and criticism through which the student has to dig back to the original source. This volume is mainly designed to facilitate such work. With this end in view the intention has been to republish only those original documents which the various governments have laid before the world as authentic records of events. Commentaries even when proceeding from the governments themselves have been excluded."

The contents of the 550 pages includes the British diplomatic correspondence; the French Yellow book; the Russian orange book; the Belgian grey book, with appendix regarding Anglo-Belgian relations; the Serbian blue book, containing Signor Giolitti's speech of December 5, 1914; the German white book, with appendix containing Dr. Von Bethmann's speech of August 4th, 1914; the Austro-Hungarian red book.

An indexed list of all the principal persons mentioned is given and altogether the work is one of great value to anyone interested in digging out some of the facts which preceded the war. Even a casual running through some of the correspondence impresses the reader that both England and France, at any rate made strenuous efforts to stem the tide of the great European conflict which they felt was impending. And while the preface declares the purpose of the compilation of documents there must be back of that purpose, still another, that is, to strive to make clear where the responsibility for the conflict rests.

Court Decisions Affect Roads.

The current issue of Illinois Highways, the official organ of the State Highway Commission has the following editorial comment on two recent supreme court decisions affecting roads.

"Two decisions by the supreme court, which directly affect the workings of road officials. The first decision was in regard to a contract let by the State Highway Commission for the furnishing of cement to be used in state-aid road construction. The supreme court held that as the State Highway Commission was empowered to furnish any tools, machinery or materials to the contractors and charge them a reasonable compensation therefor, or in case it was impossible to get a contractor to do the work within the estimated cost, the commission by law was empowered to build the road themselves, it was necessary that the commission use their judgment in the purchasing of whatever material

they felt was necessary in order to do the most effective work.

"The State Highway Commission, believing that it was better for all concerned, that all cement be purchased and tested at one central point, rather than at several, had gone ahead and let a contract for this cement, which not only saved to the people of the state at least \$25,000, but also permitted all cement which is used in state-aid roadwork to be tested, to see that it conformed to the specifications.

"The second decision was in regard to the payment of a poll tax and the supreme court held that the poll tax requirement, in the revised road and bridge law of 1913, was unconstitutional.

"It was held that the tax was not equal and uniform throughout all the townships and road districts, as it excluded the payment of a poll tax by the residents of incorporated cities and villages, which is a part of the corporate township and made an unequal side of the corporate cities and villages.

"Many townships and road districts had decided by an election to go away with the payment of a poll tax, and the supreme court's decision will not affect them. There are many other townships and road districts, however, which had decided to retain the payment of a poll tax, as they felt it necessary to raise this additional money to be expended on their road and bridge work. Section 55 of the Revised Road and Bridge Law of 1913 is therefore unconstitutional and void."

STOPPED TRIAL OF LEE 50 YEARS AGO.

Fifty years ago today, General Robert E. Lee and many of his officers of the Confederacy were under indictment for treason. Northern politicians had proclaimed Grant's terms at Appomattox as too magnanimous, and with the incoming of Johnson's administration, the demand for the "punishment of traitors" was revived, resulting in the indictment of Lee and his fellow-leaders by the grand jury at Norfolk.

Lincoln, who had stood by Grant in his generous dealings with Lee, was dead. Grant undertook alone the preservation of the public faith and the national honor in his letter to President Johnson, written June 16, 1865. His interposition was effective and General Lee was not put on trial. Grant recognized that the great Southern general had done and was doing his part in the work of healing the old sores and reweaving the nation. The two leaders in arms and in peace were regarded by the soldiers for the men who fought through the war were not responsible for the differences that lingered. There were plenty of southern politicians who advised that the Confederate turn "bushwhackers". Northern politicians called loudly for revenge against the leaders in secession. But the situation was saved by Grant and by Lee, who led in peace as in war. Grant's letter was in part as follows:

"In my opinion the officers and men paroled at Appomattox Court House, and since, upon the same terms given to Lee, cannot be tried for treason as long as they observe the terms of their parole. This is my understanding. Good faith, as well as true policy, dictates that we should observe the conditions of that convention. Bad faith on the part of the Government, of a construction of that convention subjecting the officers to trial for treason, would produce a feeling of insecurity in the minds of all the paroled officers and men. If so disposed, they might even regard such an infraction of terms by the Government as an entire release from all obligations on their part. I will state further, that the terms granted by me met with the hearty approval of the President at the time, and of the country generally. The action of Judge Underwood, in Norfolk, has already had an injurious effect, and I would ask that he be ordered to quash all indictments found against paroled prisoners of war, and to desist from further prosecution of them."

A SUPPLY OF NATURAL GAS.

The labors of the prospectors for gas and oil east of the city were not wholly without results as Gregg Tindall can well testify. Yesterday morning he kindly invited a Journal reporter passing by to stop and examine the house and see what natural gas is doing for it.

Mrs. Tindall first showed the range which is fitted so that all or any part of it can be heated and to any desired degree by simply turning a key. The heating stove, a common, old fashioned wood-burning stove, was fitted with the proper inside casing so that any desired degree of heat was attainable. Then the illumination was shown and was also perfect and very convenient. Mrs. Tindall said it would indeed be hard to go back to wood or coal for fuel and oil for illumination when the natural gas works so perfectly.

CELEBRATED FIFTIETH WEDDING ANNIVERSARY

MR. AND MRS. ALEX WHITLOCK
MARRIED HALF CENTURY.

We'll K'own Residents of Franklin Observe Occasion, When Surprise Is Given Them—Mr. Whitlock is a Veteran of the Civil War.

Mr. and Mrs. Alex Whitlock of Franklin, celebrated their 50th wedding anniversary Tuesday. The members of the family planned a surprise for them which was executed in a happy manner. They are among the highly respected families of that community and yesterday were accorded the heartiest wishes by all their friends.

At the noon hour a splendid dinner was served and the afternoon was spent in a social way. Miss Bess Hart favored the guests with several piano selections and Robert Shirley played on the graphophone.

Among the guests present were Mr. and Mrs. Patrick Murphy, Mrs. William Gotschall, Mrs. Joan Whitlock, Mrs. Isabel Vancil, Miss Bess Hart, Mrs. Vancil McIntyre and son Horace, Mr. and Mrs. George Whitlock and children Harry, Hardin, Pauline and Edith, Mr. and Mrs. Robert Shirley, Mrs. Howard Phippi and children, Edith and Hershall, of Loomi, Mrs. Pearl Parks, Laomi, Jesse Whitlock and son Herbert of Heber Springs, Ark., Mrs. Edward Johnson and children, Clarissa and Newton, Mrs. Bess Waters and baby George Willard, Miss Thelma Hart and Mrs. George Bonds.

Mr. and Mrs. Whitlock were married near Little York, June 15, 1865. Her maiden name was Mary Catherine Bowyer, a daughter of James Bowyer who was a member of the 101st Illinois Infantry and was killed at the battle of Dallas, Georgia in May, 1864.

Mr. Whitlock celebrated his 75th birthday the 10th of this month. He enlisted in Company I, 14th Illinois Infantry in 1861 when lacking but a few days of being 21 years of age. His company was mustered in to service the day he reached his majority.

After being in the service for a short time in Missouri he became ill and after regaining his health he again enlisted in Company G of the 101st Illinois Infantry and served in the Vicksburg campaign, running the blockade on the gunboat Lafayette. He received an honorable discharge Oct. 30, 1863 after taking ill for the second time.

Mr. and Mrs. Whitlock were the parents of ten children five of whom are now living. They are William of Concord, George of Downing, Mo., Miss Bertha Whitlock at home, Jesse of Heber Springs, Ark. They have resided in the Franklin neighborhood for the past 32 years. Mr. Whitlock has a brother James residing in Gardner, Kansas and Mrs. Whitlock has a sister, Mrs. Sarah Cox, who lives in Cameron, Missouri.

PASSAVANT NOTES.

Prof. J. G. Ames is a patient at the hospital.

Mrs. John Day of North Diamond street was able to return to her home from the hospital Tuesday. Oliver Carter of Greenfield was able to return to his home Tuesday.

J. Gourley of Bee Creek was at the hospital Tuesday and accompanied his son Harley home.

Mrs. J. S. Langston, wife of the rector of Trinity Church, was able to return to her home yesterday.

Robert G. Smith of Quincy is improving in a satisfactory manner.

The graduating exercises of Passavant hospital will be held Thursday evening at 8 o'clock and the public will be cordially invited.

Little Melvin Robinson of Greenville, who had his eye removed at Passavant hospital was able to return home yesterday. The boy was hurt as the result of being struck by a baseball, as he sat watching the game. The ball was pitched by an Eldred player and the boys of that team "chipped in" and paid the physician's expenses in the case.

WITH THE SICK.

Miss Edith Paton of Webster avenue, who has been ill the last four weeks with inflammatory rheumatism and heart lesion is slowly improving, but is still not able to see her friends.

WONDERFUL BARGAINS CAN BE HAD AT HERMAN'S PUBLIC SALE IN ALL DEPARTMENTS FOR ONLY DEPENDABLE MERCHANDISE.

TRAFFIC LAW VIOLATIONS.

In accordance with the notice given by the police department, enforcement of the traffic ordinance began yesterday. Members of the night force had special instructions to watch for violators and took in Edward Landreth, Earl Young, Marcy Osborne and Alonzo Mealey, all charged with driving automobiles without tail lights. Russel LeRoy and George Norman, messenger boys were hauled in for riding bicycles without lights. All of the above were ordered to report at police headquarters at 9 o'clock this morning. This may mean that the cases are not to be prosecuted and fines assessed if observance of the ordinance provisions is agreed to. It is possible too that the cases may be settled by the payment of fines without justice court proceedings.

Rent Houses Wanted

There has never been a time when desirable rent houses, \$7.50 to \$25, were scarcer at Johnston Agency than they are today. Our facilities for securing the right renter for the right house are good. Being the only agency in the city making a specialty of this business, a constant stream of applicants pours through our office. We know what is due to tenants in the way of repairs, and our tenants stay. On the other hand, we collect all rents in advance, and we do not, upon the average, lose a full month's rent upon one house a year.

Landlords—We think you will find it profitable, and save yourselves a great amount of trouble, if you will let us attend to your rentals. We have made a science of it. And we respectfully solicit your business.

NEAR AGREEMENT TO ARBITRATE STRIKE

(Continued From Page One.)

of the strike with a view of bringing about a settlement. Senator Denvir of Chicago, who introduced the resolution, argued that if the commission was without authority to take decisive action the legislature should pass an emergency act, giving it that authority.

Theatres, cafes and the baseball and amusement parks were the chief sufferers from the lack of attendance.

For a few hours after the close of business the utmost confusion prevailed about the streets, but soon after 8 o'clock all but the most brightly lighted streets were as empty as a deserted village.

Near Agreement to Arbitrate.
Elevated and surface car company officials and representatives of the striking car men were reported at midnight to be near an agreement to arbitrate. They had been in session with Mayor Thompson and the council strike committee since early in the afternoon.

Applause was heard from the inner office and Alderman Willis O. Nance, who came from the conference shortly after, said Leonard A. Busby, president of the surface lines and William Quinlan, president of the surface men's union, had gone into an ante-room to talk things over.

"It looks hopeful," said Mayor Thompson. "I wouldn't be surprised to see the men back at the cars in twenty-four hours. It looks as if the conferees soon will be able to decide on a board of arbitrators."

"They have practically reached an agreement on everything except the questions of wages and trip cars," said Alderman Nance. "It looks like an early settlement."

Strike-Breakers Disappointed.
Boston, June 15.—Hundreds of men and boys who had been hired to take the places of striking street car men in Chicago were disappointed tonight when a special train on which they were to make the trip to that city failed to depart. According to the agent who hired them his employers in New York had ordered the departure deferred until tomorrow noon. Some of the men left for Chicago on the regular trains tonight.

Announcement that the special train would not leave tonight was followed by demonstration at hotel where recruiting headquarters were established. Police were summoned to clear the building.

Raid Truck Load of Cream.
Binghamton, N. Y., June 15.—Seven hundred strike-breakers on their way to Chicago passed through this city on a special train shortly before midnight, pulled a truck load of cream. The police were helpless as the mob swarmed out of the coaches and took three 40 gallon cans of pure cream valued at about \$200. One of the leaders called Hornel on the long distance telephone and asked that drinking cups be brought to the train, when it arrived.

It was reported that the strike-breakers raided the restaurant in Susquehanna, taking everything but the chairs and counter. Elmhurst was notified to have its police department out in full force to stop a probable raid there.

WILLIAM HENRY DIES AT HOME IN NORTONVILLE

Was Stricken With Paralysis Monday Morning and Gradually Grew Worse until the End—Funeral Thursday Morning.

William Henry, a long time resident of the Nortonville neighborhood, died at his home there at 1 o'clock this (Wednesday) morning. The deceased was 86 years of age and is survived by one daughter, Mrs. Sarah A. Walters of Jerseyville, and three sons, Christopher, Samuel E. and W. E. Henry, all of the Nortonville precinct. Mr. Henry was a member of the Youngblood church and a man who was held in high esteem in that community. He was stricken by paralysis at 5:30 a. m. Monday morning and grew rapidly worse until the end came.

The funeral will be held Thursday morning at eleven o'clock at the Youngblood church.

GAVE ENTERTAINMENT.

The members of the Jolly Ramblers of the Northminster church gave an entertainment at the church last night which was well attended. The program consisted of music, recitations, dialogues and plays. Ice cream was served after the entertainment.

Mrs. Marie Mayer is attending the summer school at Normal, Ill. Mrs. Margaret Opel and Miss Mollie Mayer have returned to their home in Higginsville, Mo., after a visit in the city with their son and brother, E. O. Mayer.

FIRE AT ORPHAN'S HOME.
Fire which started from a defective flue destroyed the German Orphan's home in Carrollton Tuesday, with a loss of \$35,000. All the children escaped without injury from the building.

Mrs. Frank Roesch and grandson Joseph Jenot of New Berlin are visiting at the home of Mrs. Roesch's brothers, John and Matthew Minter of this city.

Miss Stella Koca has returned to her home in Whitehall after visiting Miss Irene Sims on West Lafayette avenue, for a few days.

MURRAYVILLE BUSINESS MEN HELD ANNUAL SESSION

Various Visitors From Jacksonville Took Part in Discussion—Organization Has Helped the Town.

The annual meeting of the Murrayville business men's association was held Tuesday night in the I. O. O. F. temple in Murrayville with a very large attendance. The interest shown set a good example for Jacksonville business men.

Harry Cade, president of the organization presided and after disposing of various matters of business announced that short talks would be in order from some of the visitors. A. L. French, Carl Weber, T. M. Tomlinson and Charles S. Black responded briefly and then F. J. Heintz was introduced for a longer address and discussed "Community Efficiency."

Mr. Heintz emphasized the great advancement which can be made in cities, towns, or country communities if the proper spirit of co-operation exists. It is the co-operative spirit which has brought to pass the soil improvement campaigns of recent years and which has resulted also in the farm adviser movement. Better schools, better roads and countless other things in which there is a common interest, only make substantial advances where they are backed by community work.

Following Mr. Heintz's talk there was an informal discussion of matters especially related to the betterment of Murrayville. The association during its comparatively brief existence has accomplished a number of good things for the town. Better walks and roads have resulted from its activities and various other matters for the upbuilding of the community have been fostered.

Other Jacksonville men present in addition to those above mentioned were J. W. Merrigan, J. K. Long, C. L. Mathis and E. J. Blackburn.

MORTUARY

Braswell.

William P. Braswell, who passed away at Our Savior's hospital Monday night at 11:30, as mentioned in yesterday's Journal, was born September 24, 1839 in Tennessee, being the son of Benjamin Braswell. The family came to this county about the time of the civil war and settled near Franklin.

He married Miss Margaret Frances Barton of Franklin, and the family resided in that community for more than forty years. The following children survive: Mrs. Ellsworth Burch, Waverly; Mrs. Celia Smith, Franklin; Mrs. Pearl Whittier, Modesto; Emmett Braswell, Franklin. He also leaves two brothers, John Braswell of California, James of Chapin, also a step-daughter, Mrs. Ida Nelson of Granite City. He leaves ten grand-children. For the past four years Mr. Braswell has resided one and one-half miles southeast of Chapin.

The funeral will be conducted from the residence of Emmett Braswell, Franklin, at ten o'clock this morning, the services being in charge of Rev. E. S. Vorbeck with interment in the Franklin cemetery.

MATRIMONIAL

Johnston-Vieth.

The marriage of A. Sidney Johnston of St. Louis to Miss Angeline Vieth of Jefferson City, Mo., took place in St. Peter's church in that city last Wednesday. The wedding was one of the most important events of the season in the Missouri capital. Earl M. Johnston of this city, a brother of the groom was his best man. Mrs. Johnston is prominent socially and her parents, Mr. and Mrs. Ben G. Vieth are well known both in their home city and in Chicago where they spent a portion of their time.

Mr. Johnston is a member of the law firm of Johnston & Armstrong with offices in the Boatmen's Building in St. Louis and he is also state factory inspector of Missouri. He is a son of E. F. Johnston of this city but has made his home in Missouri for a number of years. Mr. and Mrs. Johnston are now on wedding journey which will take them into Canada and the New England states for a number of weeks.

NEW WEATHER INFORMATION AVAILABLE.

Observation of Relative Humidity in Middle of the Day Added to Present Service.

Washington, D. C., Jan. 15.—The relative humidity in the middle of the day will hereafter be included in the weather reports furnished daily by the weather bureau to the newspapers. At present observations of the relative humidity are taken at 8 o'clock in the morning and 8 o'clock in the evening, but at these times the temperature is likely to be much lower and the relative humidity much higher than in the middle of the day. An extra observation of the relative humidity will therefore be taken, probably at 2 p. m.

This additional information is expected to be not only of general interest to the public at large, but of practical value in certain branches of manufacturing. The humidity of the atmosphere plays, for example, an important part in cotton spinning and in many textile mills it is necessary to increase it by artificial means. An observation of the relative humidity at 2 p. m. will indicate much more accurately actual working conditions than figures obtained at the beginning or end of the day.

WOMAN COULD HARDLY STAND

Because of Terrible Backache. Relieved by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I suffered from displacement and inflammation, and had such pains in my sides, and terrible backache so that I could hardly stand. I took six bottles of Lydia E. Pinkham's Vegetable Compound, and now I can do any amount of work, sleep good, eat good, and don't have a bit of trouble. I recommend Lydia E. Pinkham's Vegetable Compound to every suffering woman."—Mrs. HARRY FISHER, 1642 Juniata Street, Philadelphia, Pa.

Another Woman's Case.

Providence, R.I.—"I cannot speak too highly of your Vegetable Compound as it has done wonders for me and I would not be without it. I had a displacement, bearing down, and backache, until I could hardly stand and was thoroughly run down when I took Lydia E. Pinkham's Vegetable Compound. It helped me and I am in the best of health at present. I work in a factory all day long besides doing my housework so you can see what it has done for me. I give you permission to publish my name and I speak of your Vegetable Compound to many of my friends."—Mrs. ABRIL LAWSON, 126 Lippitt St., Providence, R.I.

Danger Signals to Women

are what one physician called backache, headache, nervousness, and the blues. In many cases they are symptoms of some female derangement or an inflammatory, ulcerative condition, which may be overcome by taking Lydia E. Pinkham's Vegetable Compound. Thousands of American women willingly testify to its virtue.

A Hint for Coming Maternity

In a little book designed for expectant mothers more complete instruction is given in the use of "Mother's Friend." This is an external embrocation applied to the abdomen for the purpose of reducing the strain on ligaments, cords and tendons.

In thus bringing relief and avoiding pain great good is accomplished. It serves to ease the mind, indirectly has the most beneficial effect upon the nervous system and thousands of women have delighted to tell how they were free of nausea, had no morning sickness and went through the ordeal with most remarkable success. "Mother's Friend" has been growing in popular favor for more than forty years. In almost every community are grandmothers who used it themselves, their daughters have used it and they certainly must know what a blessing it is when they recommend it so warmly.

It is certainly a most helpful influence for its effect in avoiding all unnecessary pain, enabling the muscles to expand gently and to relax naturally when baby arrives. Strictly an external application it has no other effect than to ease the muscles, cords, tendons and ligaments involved hence is perfectly safe to use by all women. It is used very successfully to prevent colic of babies.

"Mother's Friend" is prepared in the laboratory of Bradford Regulator Co., 504 Lamar Bldg., Atlanta, Ga.

It should be remembered that what is said of "Mother's Friend" is the thought expressed by the thousands of women who have successfully used it and recommended it through two generations.

JURY FAVORS J. R. ROBERTSON IN STRAWN CLAIM CASE

Award is Fixed at \$9,000—Sum is Said to Have Been Result of Compromise Arrangement—Appeal Will be Taken.

The jury which heard the evidence in the suit resulting from John R. Robertson's claim against the estate of Julius E. Strawn brought in a verdict about 8:30 o'clock Tuesday night awarding the claimant the sum of \$9,000. The jury received Judge Thompson's instructions about 5 o'clock in the afternoon and retired to consider their verdict. It was stated last night that this finding was not satisfactory to either side and that an appeal would undoubtedly be filed.

The trial was continued in the county court Tuesday. Mr. Robertson's testimony was concluded in the morning session and he was followed on the stand by Miss Lucrécia Cawley, who was for years a member of Mr. Strawn's household, and by Gates Strawn, executor of the estate. In the afternoon the argument of the case was begun and occupied the entire time of the court until 4:30, when the jury was taken from the room while the court conferred with the attorneys with reference to some of the instructions submitted. Subsequently the jury was instructed and retired to consider the verdict.

Bank Books in Evidence.

The opening argument in behalf of the estate was made by William T. Wilson, and for Mr. Robertson by John A. Bellatti. Subsequently Thos. Worthington and John J. Reeve made argument for the estate, and Judge M. T. Layman presided. Judge Bellatti, closed for Mr. Robertson. On the witness stand Mr. Robertson told of acting as agent for Mr. Strawn through a long period of years. Mr. Strawn's bank books were made a part of the record and Mr. Robertson explained a number of transactions as indicated by large checks made payable to him. In a number of instances he stated that he could not remember all the details of the transactions. He stated that the business included looking after farming matters, loading of money, purchase of bonds and other transactions of that kind. He testified that Mr. Strawn had agreed to pay him \$1,000 a year for his services as such an agent and that settlement had never been made.

Miss Cawley, who had cared for Mr. Strawn during a long period preceding his death and had also acted somewhat as secretary, told of various conferences Mr. Strawn and Mr. Robertson had and of some of their transactions about which she knew the details.

Attorneys on behalf of the estate maintained that it was contrary to all precedent and all rules of business to suppose that during all the years that Mr. Robertson and Mr. Strawn were transacting business and at the various times when Mr. Robertson was borrowing large sums from Mr. Strawn, that he would withhold a check for \$21,000 which Mr. Strawn had given him. It was their contention that while Mr. Strawn may have given the check on which his claim is based, that it was never intended to be cashed by Mr. Robertson on his own behalf, but rather was one of the many trust matters which occurred in the business transactions between Mr. Strawn and Mr. Robertson.

Attorneys for Mr. Robertson admitted that the circumstances surrounding the check and the bill for long service were unusual, but they pointed out that Mr. Strawn did business in unusual ways and that there were other evidences that the business relations between Mr. Strawn and Mr. Robertson were not of the ordinary kind. It was shown that a short time before Mr. Strawn's death that Mr. Robertson and Mr. Strawn had a settlement at which time Mr. Strawn destroyed certain notes he held of Mr. Robertson's totaling about \$35,000, and taking in their place other notes maturing at various periods during the next ten years and none of them bearing interest. Attorneys for Mr. Robertson said that this fact was significant and indicated the unusual business relations which existed.

Limit Under Statute Near.

Attorneys for the estate laid stress, too, upon the fact that by the statute of limitation the check would have been worthless had Mr. Strawn lived but thirteen days longer, and argued that it did not seem reasonable that Mr. Robertson, who was in Oklahoma at the time of Mr. Strawn's death, was taking such long chances on the validity of so large a claim. They said, too, that it was strange that no mention had been made by Mr. Robertson up to the time that his claim was filed that he had an offset for his large indebtedness to the Strawn estate.

Mr. Robertson's attorneys made much of the large amount of business that Mr. Robertson had transacted for Mr. Strawn during a long period of years and said that the record as shown by the bank books indicated that in all cases the agent had carried out the wish of Mr. Strawn. Mr. Robertson had testified that the reason he did not pass the check through the bank for payment was because at the time it was given Mr. Strawn requested him not to cash it until he (Mr. Strawn) directed him to do so. The estate, therefore, brought forward the argument that since Mr. Robertson had admitted that the check was not to be cashed until authority was given by Mr. Strawn, that since there was no valid basis for the payment of the check. It was the claim of Mr. Robertson's attorneys that in such a case that the check given only with such reservation became valid after the passage of reasonable time, and that it was wholly at the option of the holder of the check when it should be presented for payment.

IMPERIAL PALACE D. O. O. K. WILL ASSEMBLE AT ASBURY PARK

Local Temple Will be Represented by McCarty's Arabs and Other Knights—Great Program is Planned.

The twelfth session of the Imperial Palace Dramatic Order of Knights of Khorassan will convene at Asbury Park, N. J., July 12 to 16. The local temple will send McCarty's Arabs and a number of Knights to the session.

Dokies from all over the west and northwest will travel to the Imperial Palace in state. They will meet in Chicago and take a DeLuxe Special from the Baltimore & Ohio station at 6:30 p. m. Saturday, July 10. The trip over the Baltimore & Ohio railroad is one that is well worth while. It takes the travelers through Pittsburgh, McKeesport, Connellsville and other places of interest on the road to Washington. This road winds about through the Cumberland mountains and the scene is one of never ending pleasure.

Other points of interest to be seen are Sand Patch, which is the highest point reached, being 2,284 feet above sea level. The tourists also will see Harper's Ferry where the war of the rebellion had its birth and Martinburg where Stonewall Jackson destroyed railroad property. Korneyev's famous during the Revolutionary war is another spot of interest as is Washington Junction, Md., made famous by Barbara Freitchie. Francis Scott Key, author of the Star Spangled Banner, and Barbara are both buried in the cemetery at Frederick, fourteen miles north of Washington Junction.

The special will arrive at Asbury Park Monday, July 12 at 6:30 p. m. On Monday evening at 8:30 p. m. will be an open meeting. Tuesday at the same hour the rank of page will be conferred. Wednesday evening will occur the big parade. Thursday at 2 p. m. the prize drill will take place. On the same day at 8:30 p. m. there will be a ceremony. Friday evening at 8:30 p. m. will be a display of fireworks.

AN OLD RESIDENT HERE.

W. H. Clauser of Fairfax, Mo., is spending a few days in the city, where he was engaged in the photograph business for some time years ago. At one time he was with G. W. Clark, who had a gallery on the lot now occupied by the Morrison building and later was employed by A. W. Cadman, whose gallery was on South Main street. Mr. Clauser and his brother after leaving Mr. Cadman put in a skylight and opened a gallery in the Harrison building, now the property of Dr. J. C. Widenham on the south side of the square. Clauser Brothers have been operating a gallery in Havana for over 20 years, where Mr. W. H. Clauser's brother still conducts the business.

RECOVERED WATCH.

Miss Hilda Faust yesterday had her watch returned that she lost several days ago. Miss Faust advertised in the columns of the Journal and Fred Smith of Washington street found the watch which he returned Tuesday.

MANY BILLS LIKELY TO DIED IN ASSEMBLY

Certain That Limited Time Will Not Permit Action on Some Pending Measures.

Although some statement of the work yet remaining for the Illinois General Assembly has already been printed the following from the weekly letter of the Legislative Voters League is of interest:

"The session of the Fifty-ninth General Assembly will be brought to a close next week. In the few remaining days the members have it within their power to present a final record which shall deserve the commendation of the citizens of the state or one which shall call forth their disapproval.

"While the Legislature has passed several constructive measures of state-wide importance, there are still remaining on the calendars of the two houses a number of meritorious bills which should be enacted into law. Also there are several measures pending which, if passed, would bring forth public criticism.

"The outlook for final passage of individual measures left on the calendars is gloomy. In all there are some 400 bills awaiting consideration. Scores of them will not be called up for further action. Protracted floor fights which are certain to be staged upon some measures will greatly diminish opportunity of action upon the majority. Night sessions will be held daily until adjournment. Both houses inaugurated the three session a day plan last Wednesday.

"It already is an established fact that the present Assembly is to set a new high mark in its appropriation bills. The work on the revenue bills during the present week indicated a disposition to further increase the state's expenditures rather than to prune them and new appropriations are being sought before the enactment of the last of the revenue measures.

"There has been a general belief that little money would be appropriated for special commissions this session but some money has been set apart for this purpose in the bill. The commission, headed by Representative Thomas Curran, which has conducted an investigation of home finding societies for the last two years, is granted \$10,000 for a further inquiry of a broadened scope. The commission has made no report yet as to the work it has already accomplished. Mr. Curran has introduced several bills, the provisions of which, he believes, will correct faults discovered by his investigation body.

"Familiar Ghosts of the last Assembly also stalk through this revenue document. It seems the state is not yet through paying for the election contest cases of the Forty-eighth General Assembly. It will be recalled that the amount appropriated for that purpose two years ago was a record breaker and called forth criticism from every corner of the state.

"There is a total of \$4,650, disallowed two years ago, which this Assembly feels called upon to pay. The most of this money is to go to members who had contests two years ago and who now are members of the Assembly. Several of these claims were vetoed two years ago by the Governor.

"The last of the appropriation measures for the payment of claims in connection with the ravages of the live stock epidemic also is made a vehicle to carry several items which are not likely to go to final passage unchallenged. Two amendments, voted in by the Senate, are being made special targets of criticism by members. They provide for the payment of \$19,500 to the Great Western Serum company, Chicago, and \$22,400 to Morris & Co. of the same city.

"In handling the epidemic claims the Assemblymen agreed the state should pay its share of only such claims as were allowed by the federal government. According to members in touch with the matter, the United States authorities have paid no money to either of these claimants. The Senate appropriations committee refused to place the items in the omnibus measure but they were inserted on the floor of the Senate by a vote of 18 to 19.

"Another unusual feature of the appropriations is the great number of persons injured claims pending. They total nearly \$125,000 and present indications are that the most of them will be passed. The majority, no doubt, have merit but the aggregate amount sought is of such proportions that some Assemblymen look upon it as verging closely upon a new form of legislative abuse.

"Chicago aldermen charged bad faith in connection with the passage of the bill for the consolidation of the city traction lines. Prior to its passage in the Senate an amendment was adopted which provided, in effect, it is claimed, that any merger agreement between the traction interests and the city must finally be indorsed by the State Utility commission. Chicago supporters of the bill assert that the measure in its original form had been agreed to by both city and utility representatives.

"The legislative commission named two years ago to investigate the \$1,000,000 Chicago voting machine contract submitted two reports. The majority report, signed by the Republican members of the body, advised the cancellation of the contract and the repeal of the voting machine law. It states that the machines can be manipulated and that election frauds are likely to be practiced by means of the machines. The minority report, signed by the Democrats, holds that there is less likelihood of fraud through their agency than under the ballot system of voting. It states further that charges of corruption are not proved.

lie will have to incorporate and obtain a license from the state board of administration. Several members insist that if the bill becomes a law churches will be compelled to get such licenses. Mr. Curran does not take this view and believes the churches are exempt under the provisions.

"Consideration of the anti-labor injunction bill was urged by its friends in the House on Thursday. Only 71 of the necessary 77 votes could be mustered to call it up for action. It is probable no further attempt will be made to pass it.

"The House passed the bill licensing structural engineers after a mutual agreement had been reached by engineers and architects concerning amendments to be placed in the bill by the Senate. The Hamilton bill for state regulation of public accountants was passed by the House. Other measures which were sent through included Representative Watson's bill allowing all convicts to be employed on road work, the Shurtliff bill for county waterway districts, the state tax levy bill, the county uniform text book bill and the one day rest in seven bill.

THE SUMMER TASK

The days grow hot, and we must sweat, with energy unceasing; yea, we must rise and soak the flies, to keep them from increasing. If we pass by a single fly, it soon will rear a million, and they will raise, in summer days, four hundred thousand and billion. And they'll produce, while running loose, such swarms of filthy critters, such hosts of flies, they'll hide the skies—so let us not be quitters. Go forth and swat in humble cot, and in the lordly palace, swat left and right, keep up the fight, until you break a gallus. Strike stalwart blows, and crush the foes, or later you will rue it, and I'll sit here throughout the year, and tell you how to do it. I'll sing you lays to cheer your days while you the flies are potting, I'll praise your zeal with gladsome spiel, but I'm too fat for swatting. I'll urge you on from golden dawn until night's shades are falling, but, like most guys whose words are wise, my acts are mostly stalling.

VAUGHN PITCHES WELL IN PINCHES

Keeps Visitors' Hits Well Scattered—Smith Gets Four Hits in Four Time Up—Eight Bostonians Are Sent to Clubhouse for Baiting Umps.

Chicago, June 15.—Chicago shut-out Boston. The locals punched their hits in the second and sixth innings. Vaughn pitched well in the pinches and kept the visitors' hits well scattered. Smith made four hits out of four times up. Eight Bostonians were sent to the clubhouse for baiting Umpire Quigley.

"MORNING GLANCES" (By Gosh)

St. Louis beat the Newark Feds by 1 to 0 Tuesday.

In the Central Association Clinton beat Keokuk 3 to 2 in eleven innings.

Bloomington by a ninth inning rally beat Moline by a score of 5 to 4.

In the Federal league Kansas City retained her position at the top by beating Baltimore. The final score was 9 to 4.

Pittsburgh beat Brooklyn in the Federal league by a score of 5 to 2. Ed Conetchy formerly with the Cardinals and Pittsburgh in the National league was a big factor in the score driving in four of the stogies' five runs.

The Yanks made it four straight from St. Louis Tuesday, winning by a score of 9 to 4. Maisel was the star driving in five runs and making one himself.

Despite the fact that Kahl made two home runs, Rockford beat Quincy in the Three Eye by a score of 10 to 5. Rockford hit Cummings hard in the earlier innings, making seven runs.

The Cubs shut out the Champion Braves Tuesday by a score of 4 to 0. Vaughn pitching for the Cubs allowed but six hits while Hughes was touched up for ten hits. Both teams played well in the field. The Cubs having three miscues and the Braves one.

Red Corriden who has been with the Cubs for the last three years has been sent to Louisville and is playing third base and making good. Red started with Frank Belt at Keokuk in 1908 and gave promise then of being a big leaguer. It is probable that with plenty of work he may go back to the Cubs and win a regular berth.

L. S. Rothchild of Decatur was transacting business in the city yesterday.

FOREIGN CORRESPONDENCE. (By Associated Press)

London, June 15.—(Correspondence of the Associated Press)—The Countess of Cardigan, whose death at the age of 91 years was announced here last month, had a remarkable career. She saw a child much of the court life of King William IV. heard Tom Moore sing his own songs and knew the Marquis of Hertford, the original of Thackeray's Lord Steyne. Her matrimonial experience included the Earl of Cardigan, who led the charge of the Light Brigade at Balaklava, and after his death, a Portuguese nobleman, but she also received proposals from the legitimist heir to the Spanish throne, whom she narrowly missed marrying, and from Disraeli, a warm suitor, Lord Shenborne, the Duke of Leeds, Prince Soltykoff and the Duke of St. Albans. Her name will go down in history as the author of a book of memoirs exposing all the scandals in high life during the Victorian era. It was not until the Countess of Cardigan was 85 years old and almost forgotten that she started England with her chronicle of aristocratic scandal under the title of "My Recollections," in which she concealed nothing to save her own reputation or others'. Many heroic figures of history, such as Disraeli, emerged from her book considerably shrunken.

The countess' father was Spencer de Horsey, M. P., and her mother the daughter of the Earl of Stradbroke. From childhood Adeline de Horsey moved in the highest society in England. The Duke of Wellington was one of her father's intimates.

The young lady's views were decidedly advanced for her time, and because she was not allowed a latch key, she left home and got a house of her own in London. It was at this time she met the Earl of Cardigan. The Earl possessed brute courage and nothing else, and failed of promotion to a generalship on this account. He had made an unhappy marriage with the divorced wife of a brother officer, from which he was released by death. Her intimacy with Cardigan in his wife's lifetime offended Queen Victoria. The result was she was practically ostracized by her own class because of the royal snub. With iron courage she went to garden parties, balls and functions, in which she sat absolutely alone and ignored. Her husband's cousin, Lady Ailsbury, the social dictator of that time, came into her power, however, because of her knowledge of a scandalous chapter in that lady's past.

When, after being widowed, she married the Count of Lancastre of Portugal, she gave fresh offense to the queen by taking the title of Countess of Cardigan and Lancastre, for the queen was in the habit of calling

herself the Countess of Lancastre when traveling incognito.

Her gifts of mind and her beauty made the countess the leader of aristocratic bohemian. She entertained large parties in the fine old Tudor mansion left her by her first husband.

Critics charge that the countess wrote her recollections to revenge herself on those who refused to receive her.

Rome, June 15.—(Correspondence of the Associated Press)—The Italian authorities are expressing gratification over the zeal with which men of all classes have hastened to volunteer since the declaration of war. The number of those who have responded, even before being called to the colors and having no obligation to serve, is declared to be remarkably large. In the aristocracy the volunteering is quite as general among the houses still faithful to the pontiff as among those adhering to the House of Savoy.

One particularly interesting feature noted in the list of noblemen who have volunteered is the fact that so many have American wives. There is the Marquis Spinola, who some years ago married Miss Page, cousin of Thomas Nelson Page, the present ambassador here. The princess di Poggio Salsola, who, who was a Miss Curtis of New York, has opened her beautiful palace in Rome as a hospital for the wounded and is sending three sons, who were all born in New York, to the front. Don Marino Tolonia will also help, encouraged by his wife, Elsie Moore of New York; Prince Del Drago, another volunteer, has an aunt-in-law, Princess Giovanni Del Drago, who was Mrs. Josephine Schmid of New York; another is Prince di San Faustino, who married Jane Campbell of New York. Four of the Princes Ros. Pignoli are on the list, two of whom have American wives, Ethel Julia (Bronson) and Mildred Hasseltine. Marquis Tegoli, who has enlisted, had as mother Lily Conrad of New Orleans, at one time the most beautiful woman in Rome, while Count Senni leaves behind an American wife, Mary Lilley of New York. The Italian officers with American wives are too numerous to list.

It is rumored that the Princess di Buruti Chestnutti, who was Miss Mahaly Spuds of Boston, and the Countess de Spaghetti Italiano Basso many have American wives. PROVISIONS OF THE ILLINOIS FLAG LAW.

A committee appointed by the State Chapter of the Daughters of the American Revolution has called special attention to the provisions of the Illinois flag law. The statute outlines the proper and improper uses of the national emblem and is as follows:

(Act approved June 2, 1897; in force July 1, 1897; providing for placing the United States flag upon public buildings.)

Court House.

This law makes it the duty of the supervisors or commissioners of each county to provide United States national flags not less in size than four feet by eight feet to float from a suitable flagstaff on top of the court house, and the sheriff is required to see that such flag floats from such staff from 8 o'clock a. m. to 5 o'clock p. m. on each legal holiday and on such other days as the supervisors or commissioners may direct.

State Institutions.

The commissioners or trustees of all penal and reformatory, state educational and state charitable institutions are required to provide flags not less than 10 by 20 feet in size and to cause them to be kept floating above such institutions or upon suitable flagpoles from 8 o'clock a. m. to 5 o'clock p. m. each legal holiday and on other days as determined by such commissioners or trustees.

School Houses.

The directors or board of education of every school district are empowered to provide upon all public school houses or within the adjacent grounds, flag poles, and are required to provide flags not less than 4 by 8 feet in size and to cause them to be floated from such poles during school hours on such days as determined by the directors of the board.

Flags Not to Float During Storms. During any day when inclement weather or storms would materially injure the flag it is not to be raised.

Expenses.

Flags for state institutions are to be paid for out of appropriations for running expenses; those for court houses and schools are to be paid for from public funds of the respective counties or districts.

Penalty for Injuring Flag.

The law punishes by fine willful injury to or destruction of any flag, flagstaff, pole or attachments provided for in this act.

General statement of provisions of act approved May 25, 1907; in force July 1, 1907, concerning improper use of flag:

Definition of Words.

The words flag, standard, color or ensign, as used in this act, include any flag, standard, color or ensign or picture or representation of any thereof, evidently purporting to be that of the United States, upon which shall appear the colors, stars and stripes, in any number, of the flag, standard, color or ensign of the United States.

Unlawful Use.

It is forbidden to place any word, figure, mark, picture, design, drawing or advertisement upon any flag, standard, color or ensign; or

To expose to public view any such flag, standard, color or ensign, upon or to which, after July 1, 1907, shall have been placed or attached any word, figure, mark, picture, design, drawing or advertisement; or

To publicly, by word or act, deface, defile, or cast contempt upon any such flag;

Under penalty of fine, or imprisonment, or both.

Evidence.

The possession of any flag, standard, color or ensign, unlawfully marked or treated or of any such unlawful article constitutes presumptive evidence of violation.

Prosecutions.

The state's attorney is required to see that this law is enforced and to prosecute offenders. Sheriffs, deputy sheriffs, bailiffs, constables and police are required to inform against and prosecute all apparent offenders.

One-half of the amount recovered is payable to the person filing complaint, the other half to the school fund.

Nine pastors in overalls shingled the roof of a church in St. Louis, while the pastor of the church stood by and bossed the job. The ministers were fulfilling a pledge they made on a dare and demonstrated they were "good sports."

ARENZVILLE.

Mrs. William Rexroat answered the final summons Tuesday morning, after a long battle with disease and complications bravely fought. She was accustomed to say little about her own health and instead talked about others' welfare. The bright, kindly spirit which had characterized her for so long a time was hers during the closing days of life and her going was simply a peaceful slipping away to the better land. The end came with loved ones near, who had been in constant attendance. Mrs. Rexroat's maiden name was Nora Decker and the family has been well known in this community, having been prominently identified in business affairs. She was a member of the church and during the succeeding years she remained in active connection with the work of the organization. Brief services were held at the residence and at 1 o'clock at the M. E. church there were more extended services. Rev. Annie Shively delivered the eulogy, assisted by Rev. A. L. Cain and Rev. W. P. Bowman. She was 43 years old. There was a profusion of floral tributes which bore testimony of the high regard of many sorrowing friends. Mrs. David Lancaster of Virginia had the arranging of the flowers. The remains were reverently borne to their last resting place and tenderly laid away with suitable services at Arcadia Cemetery.

MARKET LETTERS

KANSAS CITY MARKET.

Kansas City Stock Yards, June 14.—The Kansas City cattle market held steady to strong in the face of weaker prices elsewhere. Here the run was moderate, being about 2,000 less than a month ago, and about the same as a year ago. Quality, however, was well suited to local and shipping needs, carrying enough finish to interest the special trades and at the same time, enough medium beef to make up the rest and file for killers' use. In the finished classes of heavy, mediums, and light weights, sales were reported at \$8.75 to \$9.15, the latter price being paid for a load of 779 pound steers and heifers mixed. Western steers sold at \$8.25 to \$8.75. On the quarantine side, sharp competition was evident and prices ruled strong to 10 cents higher. About 19 car loads were on sale. Steers brought \$6.50 to \$7.65.

The supply of stockers and feeders was short of requirements and prices ruled strong to 10 cents higher, and quality considered the highest this year. Inquiries are increasing from Eastern states. Last week an Illinois feeder took a car load of 735 pound steers and heifers mixed at \$8.80.

Packers here are having trouble to keep the hog market down to Chicago's level, and last week they paid more here than in Chicago. Today they started to line up the market by taking off 25 to 30 cents but in that they were not fully successful, and their purchases averaged as high as at the lake market. Shippers paid up to \$7.75, and packers droves cost \$7.25 to \$7.50, compared with \$7.15 to \$7.50 in Chicago.

Increasing supplies in the East and lower prices sent spring lambs off 50 to 75 cents, making a break of \$1.25 in the past four days. The top price today for springs was \$10.35. Sheep were off 15 to 25c.

Official receipts, Kansas City, today, were 6,500 cattle, 13,000 hogs, and 7,000 sheep.

Market Correspondent.

CHICAGO MARKETS.

Union Stock Yards, Chicago, June 14, 1915.—Oliver S. Green with Walter Bros., U. S. Yards, Chicago, reports the estimated receipts for knock-

Monday, June 14, 1915.

18,000 cattle,
35,000 hogs,
16,000 sheep.

The bulk of the run of cattle went into the free area and the trade was more active in the modified than the free area. More sales showed 10 to 15c decline than any other, as the run was liberal and a rainy morning but few sales were made until around the noon hour. Light and handy weights where fat and with quality were the best actors. Butcher she stock slow and bulk 10c under Friday last. Grassy kinds, 25 to 40 below one week ago.

Bulls weak and weak to lower. Monday Bolognas 25s under week ago.

Prime 1300 lb. steers weight 1300 sold up to 9.35 with a short number of cars of different weights. Light up to 15.25, 9.15 to 9.35. In the modified division good lights and handy weights held close to steady and others fairly good 5 to 10c off.

Handy weights selling 8.50 to 8.80 had fairly good action. With a long list of good 1200 to 1400 lb. stuff, 8.60 to 9 cents.

Cows, grassy stuff, 6.00 to 7.00 with plain and coarse lots only. Fair to decent killers, 7.25 to 8.00 with fair and medium killings lots, 8.10 to 8.40.

Medium to fat cows, 5.25 to 7.50. Heifers, 5.50 to 9.00. Canners and cutters, 3.50 to 5.10. Bulls, 5.50 to 7.85.

The 7.50 and over class choice light and handy weights.

Some heavy calves to good vealers, 5.25 to 9 cents.

Choice to prime vealers, 9.25 to 10 cents.

The early hog market nearly steady but later "droopish" and 10 to 15c lower. Bulk packers, 7.25 to 7.40 or lowest day on bulk since May 8th. Top for prime light, 7.60 to 7.70.

Select packing and shipping, 7.15 to 7.65.

Light weights, 7.35 to 7.70.

Pigs and roughs, 2.00 to 7.50.

Rough heavy throw outs, 6.40 to 6.90.

Mixed packing, 7.15 to 7.30.

Medium and butchers, 7.30 to 7.45.

Heavy packing, 6.90 to 7.10.

The run of sheep and lambs was liberal and that market got a hard knock-

Spring lambs and newly shorn lambs, 50 to 75c under last Friday. The packers market was 10.75. Best clipped lambs, 9.25. Fat ewes, 25c lower and a 5.50 trade.

Native spring lambs, 8.00 to 10.75.

Packers with fancy to city butchers, 10.75 to 11.00.

Red western clipped lambs, 6.50 to 9.25.

Native clipped lambs, 6.00 to 9.50.

Native clipped bucks, 4.75 to 5.00.

Native clipped wethers, 6.50.

Native clipped ewes, 2.50 to 6.00.

Some of our people went over to eat a big dinner with Mr. and Mrs. Charlie McDonald Sunday.

C. P. Henderson of Shady Oaks, west of town, brought to our office a sample of alfalfa and fine wheat. He tells us that notwithstanding the hard rains, the outlook for a good crop is promising.

Cherries are ripe and our girls are busy canning and preserving, but the

birds take theirs from the trees without sugar or cream.

Hill Brook, the beautiful home of Mr. and Mrs. F. J. Henderson, was thrown open to 75 guests Saturday evening from 5 until 10 o'clock. The occasion was a monthly meeting of the Baptist Ladies' Aid. Each member brought her family and an extra friend if they desired, and this made quite a showing in numbers, but the accommodations were equal to the guests and the host and hostess proved their ability to take care of their company. After a short program delicious refreshments were served in liberal quantities and everybody had a good time and think Hill Brook a good place to visit.

The threatening weather Sunday morning made a difference in the attendance of Children's day at the Baptist church; nevertheless the little folks were all on hand and ready for business. The program was short and select and very appropriate for the occasion. Thanks are due Mrs. Flora Thompson and Mrs. Ethel Henderson for teaching the children. Master Landis Young is the proud possessor of a handsome new saddle.

Miss Irene Murray of Jacksonville spent Saturday night and Sunday with friends here.

Rev. Anna C. Shively of Springfield, Mo., came to Arcenville Wednesday to preach the funeral sermon of Mrs. Nora Decker Rexroat, and came to Litterberry on Thursday for a

short visit with Mr. and Mrs. William Decker. Sister Shively has many warm friends in and around Litterberry who would have been well pleased to entertain her for a long visit.

The Litterberry M. E. society met Tuesday at "The Maples" and were nicely entertained by Mrs. Earl and Mrs. John Rexroat. The program committee gave a review of our Sunday school lessons for the past few months, taking in the lessons of the quarter, which included all present, and was so easy to understand that anyone could take part. Miss Lora Petefish gave a good reading. The refreshments were served at 4 o'clock and consisted of splendid cake and cream. About fifty persons were present to enjoy this meeting.

WILL WED IN FRISCO.

Miss Leona Ornellas of 351 East College street has gone to San Francisco, Calif., where she will become the bride of Mr. Clifford Edson who is engaged in the dairy business in that city. The young lady is a daughter of Mrs. Edward Ornellas of 351 East College street and recently returned from a visit on the Pacific coast. Her literary education was obtained in the public schools of this city where she graduated from the 8th grade and also took a course in Brown's Business College.

HOUSEWIVES, this is Mrs. Moo Cow. You have never met her kind before in all your life. Her real name is "Favorite Powdered Skimmed Milk." Housewives everywhere are wild over her.

"Favorite Powdered Skimmed Milk" is real milk. It is richer than any liquid milk you can buy because in the wonderful process of reducing the liquid milk to dry powder, all the impurities that liquid milk contains are absolutely eliminated. Then the "liquid" part of liquid milk is extracted, and you have the result—a virgin-pure, perfectly sterilized milk in powder form.

You know that liquid milk absorbs impurities while it stands. Favorite Powdered Milk absorbs no impurities whatever, because it is a dry powder. Liquid milk is bound to turn sour in time. Favorite Powdered Milk can never turn sour. Nothing is added to Favorite Powdered Milk because nothing could be added to make it richer or better. If anything were added it wouldn't be pure milk.

Favorite Powdered Milk is not condensed milk, which has a canny taste, is non-useful for many purposes and unnatural in its composition. Natural liquid milk is milk-essence with water—we take away the liquid part and give you the milk essence without the water. All that is necessary to do to get the same natural, rich liquid milk you buy, is to add the missing water to Favorite Powdered Milk. It dissolves at once—and you have delicious milk ready for any purpose for which milk is used.

It is not different milk, but real milk, the same as the kind you buy from the milkman, minus all the impurities. There's no difference in taste, in action, appearance or composition. It is real and all milk. You use Favorite Powdered Milk the same as you do any milk for puddings, custards, making cakes, for any cooking and baking, and for drinking. It is always ready when you are and keeps indefinitely.

It is the most economical milk in the world today. In every 25c package of Favorite Powdered Milk there is enough to make 10 quarts of the purest milk in existence, rich, sweet and unadulterated, real, delicious milk.

WORLD'S MARKET NEWS

FLATTENING OUT OF EXPORT TRADE HAS BEARISH EFFECT ON WHEAT

September Delivery Falls as Low as \$1.00 a Bushel—Market Develops But Little Power to React.

Chicago, June 15.—Flattening out of the export trade had such a bearish effect today that wheat fell as low as \$1.00 a bushel, September delivery. The market developed but little power to react and although steady at the finish was 2 1/2¢ to 3 1/2¢ under last night. Corn closed 1 1/2¢ to 1 3/4¢ down, oats ranging from 1 1/4¢ to 1 1/2¢ decline to 1 1/4¢ advance and provisions at a rise of 2 1/2¢ to 5¢.

It seemed plain even before the start that Europeans had taken an attitude of indifference toward wheat supplies at present from the United States. Liverpool quotations were sharply lower and it was said that re-sales were being made in Great Britain on a basis of 98c for the "Chicago September option" with no allowance regarding the position of exchange. The result was that when the market here opened it was difficult to say whether the longer the shorts were the most vigorous in pressing the selling side. Stoploss orders proved numerous and no adequate support was encountered until the setback reached the dollar mark. Improved weather for the harvest in Oklahoma, Kansas and Missouri seemed to be looked on as more than an offset to any damage inflicted by frost in the spring wheat states. Bulls were further discouraged by increased country offerings of new wheat to arrive.

Corn reflected the weakness of wheat. The clearing weather was also a bearish influence.

FOREIGN EXCHANGE DEPRECIATES; NEW LOW PRICES ARE RECORDED
Stocks Move Contrarily Throughout Session, War Shares Making Further Gains.
New York, June 15.—In its broad and more substantial aspects today's further depreciation in foreign exchange, with new low records between this center and London and Paris, outweighed all other financial developments. Demand sterling declined to 4.77 against the previous low record of 4.77 and French checks or demand bills on Paris, sold at 5.45 3/4, a break of 1 1/4 from the previous record.

Other continental exchange with the sole exception of Amsterdam was weak, but did not supplant recent record quotations, although remittances on Rome fell to within the smallest fraction of their minimum.

COUNTRY CORRESPONDENCE

MORGAN.

Mr. and Mrs. Charles H. Taylor, Elly Taylor and William Dugens were Jacksonville visitors Saturday.

Mr. and Mrs. Clyde Williams and children spent Sunday with Mr. and Mrs. Charles Oakes of Bluffs.

Mr. and Mrs. George H. Coulson and daughter Noda attended the funeral of Mrs. Rexroat at Arenzville last Thursday.

Wes Anderson of Chapin was a business caller here Saturday.

George Anderson lost a work horse Saturday night.

Mr. and Mrs. Jesse Haymaker of Hannibal are visiting Mrs. Samuel Haymaker and son Oliver.

Miss Bertha Williams spent Sunday in Chapin with Miss May Rigg.

The C. W. B. M. of the Chapin Christian church held their regular monthly meeting for June at the home of Mrs. George H. Coulson last Friday.

Between 35 and 40 were present. A good program was rendered and the day was greatly enjoyed by all who attended.

Mr. and Mrs. Thomas Elliott of Chapin spent Sunday with Charles E. Drake and family.

Verne Rexroat of Arenzville was a visitor here Sunday.

Mr. and Mrs. George H. Coulson and daughter Noda and Verne Rexroat were auto visitors to Arcadia Sunday afternoon.

There will be an ice cream social and band concert on the Chapin Christian church lawn next Saturday night, June 19. Music by the Merritt band.

Alfred Anderson's house near Bethel was badly damaged by the storm last week.

Mrs. John Anderson is on the sick list at this writing.

Riley Taylor was a business visitor to Bluffs last Tuesday.

Not knowing of the extent of the damage done by the storm Monday morning of last week at the time it was sent in, we will add a few lines at this time. The storm was one of the most disastrous that has visited this community for years, consisting of a heavy hail storm, driven by a fierce wind and followed by a heavy rain. The hailstones varied in size from that of a walnut to the size of a hen's egg and were driven with such force as to dent boards and poles, peel the bark off trees and knock paint off buildings. Practically all west windows were broken and many of the north ones. The corn was beaten off so close to the ground that the rows were scarcely visible. Some have planted over, but most of the farmers have been unable to get into their fields on account of wet grounds. The wheat and oats are nearly ruined. Many wheat fields are a complete loss. Among those who lost all or nearly all their wheat and oats were Ed. Lear, Albert Benz, O. P. Hamilton, John Anderson, Henry Depner, F. Schone, Charles Nergensah, Alfred Horace and George Anderson and Charles Drake. Others who suffered damage to wheat and corn were Charles and John Taylor, William Fisher, Williams brothers and Irvin Coulson.

NAPLES.

The Illinois river here is falling now at the rate of about 6 or 7 inches in 24 hours. This seems strange after the recent heavy rains of Thursday evening. Some of the wheat and corn in this locality was badly damaged by the recent heavy storms of hail and rain, which seemed to go in streaks and damaged the growing crops in certain localities, while in many communities the damage is not so great.

The steamer Bald Eagle now makes her two regular round trips weekly from St. Louis to Peoria, up Sunday, down Monday; up Thursday, down Friday.

The sale of personal property of Granda Quintal, deceased, was held Saturday, June 12. Corn in crib sold for 70 cents per bushel. D. J. Kilpatrick, auctioneer; W. G. Pine, clerk. Quite a number from a distance attended.

The general health here is good. Some of our early gardeners report they now have Irish potatoes as large as their fist—of course, their boys' fist. Yet I think Ed Comerford of Naples and Thomas McLean of Bluffs would make a potato as large as any man's fist.

Our minister, Rev. Mr. Willis, is a man of mature years and a splendid preacher. Our Sunday school is prosperous under the management of Carl M. Hitter, a fine young man.

ANDREW HARRIS FARM CONDUCTED ALONG BEST LINES

Crop Rotation System is Followed, and Great Many Cattle Are Fed Each Year—Mr. Harris Tells of His Methods.

Beautiful for situation is the home of Andrew O. Harris who can look about on 840 acres and think of 600 more he has in Pike county and from which he sends many hundreds of animals to the markets. Mr. Harris is a practical farmer and runs the place himself now, his father having retired from the farm two years since.

A Journal reporter visited this farm in the eastern part of the county yesterday. Mr. Harris believes in changing his land and while the Pike county tract is mostly in grass the home place is varied. At present he has 260 acres in corn, 50 in wheat, 75 in oats and 40 in meadow, timothy and clover and the remaining 385 acres in blue grass. At present he has but about a hundred cattle and would like a lot more but he is unable to see any money in feeders at present prices and can't see why so many are buying them. When fat cattle are but such a small trifle higher than feeders, Mr. Harris is unable to see where the profit comes in and he is like a good many other far-seeing men.

He generally plants so as to cultivate both ways but drills on strong land. He believes in caring for land and never raises more than two crops of corn in succession on the same land; then it is oats, wheat and clover drilled in with the wheat and after a year is plowed under in the fall, disced in the spring and planted to corn. He prefers the improved Reid Yellow Dent and Boone County White. The latter will yield a little more per acre but the other is better for fattening and growing stock. He believes in shallow cultivating and goes over his corn five times and more. He feeds broken corn in boxes along with a suitable ration of cotton seed meal and endeavors to have three or four hogs to each steer.

He doesn't yet use a silo as he does little winter feeding preferring to buy along about Christmas or March, rough them through and put on grass and corn in the spring. He recently shipped 315 cattle to market and they were fine ones. The quarantine hit the feeders all about this region with awful severity but now Mr. Harris is looking for a better chance.

Mr. Harris is all the time buying small lots of cattle and sending them to market and in that way uses up much of his home grass. He never sells any grain but wheat and buys a great deal of corn. He also buys some hay in Kansas City for the stock on his Pike county land. He showed some recent quotations of alfalfa, f. o. b. Pearl, baled, \$10.50 and prairie hay \$9.00 in car load lots. He only pastures his stallions when the ground is hard frozen. He generally husks from the standing corn and cuts the stalks and plows them under. For oats he uses Big Four and Texas but prefers the former. His oats straw he bales and finds it as good as a second quality of hay. For wheat he prefers Turkey Red, a bearded variety, and feeds the straw only to his cattle. He generally threshes from the shock but his year thinks he will stack before threshing.

Last winter on the Pike county farm he had fifty-three cattle which went through the winter with no feed but a car load of wheat straw, getting their living from the cured blue grass on the ground. At present he feeds a steer a peck of corn a day with two pounds of cotton seed meal which makes a good ration. Alfalfa hay he feeds only to cattle. He says it may do for horses but must be fed with care and he doesn't bother with it as he raises about enough hay for his own use. He generally buys his feeders in Omaha and some in Kansas City. For long feeding he prefers the Short Horns but for quick fattening he likes a good Angus or Hereford, or white face. If the Angus is properly bred he is the best animal to feed but it is hard to get them uniform. It is hard to get ahead of a reliable Short Horn when it comes to farm stock.

Asked if the time would ever come when it would pay to raise calves he said he generally kept some forty or fifty cows to eat over the stubble fields in summer and the stalkfields and wheat-straw in winter. In the spring of 1914 he bought fifty-three cows, springers, let calves run with them and in the fall sold the calves for \$36.25 each and then the cows were worth more than he paid for them and occasionally he sold from the lot a well-bred milk cow for \$80 to \$85 each. He buys a registered Short Horn bull and lets the cows rustle and the calves follow them and doesn't try to milk the cows at all.

Up to the present time he says he doesn't find it pays to shatter full grown stock when feeding. In Pike county there are woods where the cattle find shelter and get along all right and at home trees and straw piles answer. Young stock he shelters.

For hogs he prefers the Durocs. He gets grade sows, the best he can, and registered boars and changes often so as to avoid in-breeding. His work he does almost entirely with mules on the farm. In the matter of hired help he has little trouble. He tries to get good men and keep them the year 'round. He pays \$30 a month with good tenant houses, garden spots, cow and the use of a horse.

Mr. Harris is a man who uses his brains and generally makes them tell though he has no brags to make and puts on no airs and does no boasting. All the facts mentioned above were gathered during a visit by a Journal reporter who questioned the gentleman for information.

Mr. Harris has an interesting family, a boy a little over two and a second in the cradle, and both promising. His wife was formerly Miss Louise Robertson, well known in this city.

MR. GEORGE FAUL WEDS

MRS. EMILY R. SAWTELLE

Ceremony Took Place Last Night at the Sawtelle Home, Dr. F. M. Rule Officiating—Roscoe Bradney Weds Anna Cronkrite.

The marriage of Mr. George Faul and Mrs. Emily R. Sawtelle, took place Tuesday evening at 8 o'clock at the home of the bride, 369 Webster avenue, Dr. F. M. Rule, officiating. They were attended by Samuel Armstrong and Mrs. Ada Barcroft, a daughter of the bride. Both bride and groom have many friends in Morgan county where they are well known who will extend congratulations. They expect to take a wedding trip in the south and upon their return will reside at 369 Webster avenue. The ceremony was followed by a wedding supper.

Among those present were Mr. and Mrs. George Richardson, Mrs. Richardson being a sister of the bride; William Hawkins of Franklin, a brother of the bride; Samuel Armstrong, Capt. CHORAL SOCIETY
IN PLEASING PROGRAM
Musical Organization of Winchester Delights Large Audience.

The Choral society concert which had been postponed from last week on account of the weather took place Tuesday evening in the M. E. church. There was a large and appreciative audience present and each number by the orchestra and chorus was well rendered and showed the splendid training received from Prof. J. F. Gorman. The solos by Mrs. Gorman were especially artistic and she gave her services free of charge which were certainly appreciated by both choral and orchestra. This closes the season's work for the organization.

Personal Mention.

Elmer Mason of Canton, Ill., is visiting at the home of his father, Robert M. Mason.

Miss Inez Kelly has returned to Jacksonville after a visit with relatives and friends here.

JURY SECURED IN THE NUNES MURDER CASE

Examination of Witnesses Began at
Afternoon Session of Circuit Court
—Several Court Orders Issued.

In the circuit court Tuesday it took all of the morning session and a part of the afternoon to complete the jury for the trial of Frank Nunes, charged with the murder of his father, Antonio Nunes. The jury as completed includes C. J. Wright, C. H. Race, George F. Clayton, William McCullough, C. A. Gunn, Fred James, Amos Straight, Eugene Dryden, S. P. Jones, Louis Stark, Robert Breeding and W. A. Barrows. The opening statement for the state was made by J. O. Priest and for the defense by John M. Butler and then the taking of testimony began. The principal witnesses examined during the afternoon were Assistant District Attorney T. F. Smith, Dr. W. P. Duncan, who was one of Antonio Nunes' physicians and A. C. Hughes, a neighbor who was at the Nunes home a short time after the tragedy.

The purpose of Mr. Smith's testimony was to detail the story of the shooting as given to him by the elder Nunes while a patient at Passavant hospital and a short time before his death. Dr. Duncan testified as to the manner and form of Mr. Nunes' injuries and the physical facts relating to his death. Mr. Hughes testified recalled the facts on the night Mr. Nunes was shot, Feb. 3, 1914, when the witness and other neighbors were summoned to the Nunes home after the shooting. Mr. Hughes was one of those who assisted in bringing the elder Nunes to the hospital.

The following orders were entered during the day by Judge Burton: Law.

J. E. Strawn estate vs. John R. Robertson; trespass on the case. Cause continued with alias writ.

Chancery.

Ex parte petition of H. F. Wemple; petition. Report of final distribution filed and approved.

J. E. Gilliland vs. Mary Gilliland; divorce. Default of defendant and decree for the divorce for complainant on the ground of desertion.

Arthur E. Prince and Edward P. Kirby, trustees, vs. G. W. Cooper et al; foreclosure. Cause dismissed by complainants at their cost.

GREAT HARVEST IN KANSAS WILL SOON BEGIN.

Thirty Five Thousand Additional
Men will be Needed for the Work
—Department of Labor Issues
Statement.

Kansas will begin harvesting another tremendous wheat crop within a few days. Rains and cool weather have slightly delayed harvest but there will be almost as much demand for men as there was last year, when wheat cutting is generally underway. Reports to the Kansas Labor Department indicate that 35,000 men, in addition to those already listed, will be needed in the harvest.

Men are going to the state very rapidly and those starting from a distance should communicate with the department of labor and industry at Topeka, as there is a possibility that the supply of labor will exceed the demand. Harvest will begin in some counties as early as June 20, and in other counties the grain will not be ready before July 1.

Some idea of the demand for labor is shown by the bulletin recently issued. For example, Barber county will need 1,000 men and 100 teams; Barton county, 4,000 men and 200 teams; Comanche county, 1,800 men and 200 teams; Ford county, 2,500 men and 150 teams; Harper county, 2,000 men; Kingman county, 2,000 men and 100 teams; Mitchell county, 1,000 men; Pratt county, 2,500 men and 400 teams; Rush county, 2,500 men and 50 teams. In a great many other counties the demand for men varies from 200 to 1,200.

EDGAR G. WAIT DIED AFTER LONG PERIOD OF ILLNESS

Death Came at Early Hour This
Morning at Family Home—Young
Man Was a Member of the 1915
High School Class.

Edgar G. Wait, son of Dr. and Mrs. W. O. Wait passed away at 12:15 o'clock this morning at the family home, 129 Westminster street. The lad had been ill for several months from an affection akin to Bright's disease and he has made a brave struggle to live. There were weeks of suffering, borne with uncomplaining spirit and the cheerfulness which marked the boy in every day life and made him popular with so wide a circle of friends as well as his to the last.

Edgar Wait was a member of the 1914 class of the high school and until disease attacked him several months since took an active part in the various school enterprises. He belonged to the glee club, the basketball team, the students association and various other school organizations and was beloved by his fellow students and by teachers as well. His illness was of a baffling type and the parents had repeated consultations of physicians in the hope that the life which gave the promise of such good strong manhood might be saved but their efforts were unavailing and it has been realized for some weeks that the end could not be far distant. In this hour of great sorrow the family will have the sympathy of a great company of friends. An obituary notice and announcement of the funeral will be made later.

FRANKLIN WOMAN'S CLUB ENTERTAINED AT ALEXANDER

Were Guests of Country Club at the
Home of Mrs. W. H. Hinrichsen—
Delightful Program Followed the
Dinner.

The attractive suburban home of Mrs. W. H. Hinrichsen who lives just in the edge of the village of Alexander was the scene yesterday of a gathering of ladies assembled to do honor to flag day. Members of the Franklin Women's club were guests of the Country club.

Hanging over the front gate was the huge flag, Glory presented Mrs. Hinrichsen by the boys in the state-house when her husband was secretary of state and prized immensely by the owner. All about the place flags were hung and bunting profusely displayed and even the flowers deftly arranged were red, white and blue.

The hostesses arrived first and bringing with them well filled baskets hastened to make things ready for the guests. The articles they brought well proved that women who could enjoy the classic poets, history, travel and biography can also prepare the good things of life in a manner leaving nothing to be desired.

The guests arrived about eleven o'clock and at noon an excellent dinner was served.

After dinner the assembly was called to order by Mrs. Will Scott whom the president of the country club had requested to preside. A pleasant program followed.

Piano solo, "Napoleon's Last Charge"—Miss Blanche Cunningham.

Song, "Red, White, Blue"—The two clubs.

Reading: "Littlest Rebel"—Miss Jeanette Powell.

Song: "Illinois"—The two clubs.

Instrumental solo—Mrs. Fred Moeller.

The entire program was greatly enjoyed and then came a social hour. The visiting ladies were enthusiastic in their praises of the manner in which they had been entertained and will have most delightful recollections of the occasion. The following ladies served on the several committees:

Decorations and program: Mrs. Will Scott, Miss Eleanor Moore, Mrs. James Dobyns and Mrs. James Holmes.

Domestic and menu: Mrs. M. A. Hulet, Mrs. Harry Rice, Mrs. Fred Moeller and Mrs. J. W. Rawlings.

Tables and seats: Mrs. Margaret Colwell, Mrs. J. T. Little, Mrs. W. S. Strawn.

The visiting members of the Franklin club were: Mrs. Rhoda Scott, president, Mrs. Maurice Keplinger, vice president; Miss Maude Van Winkle, secretary; Mrs. Newton Woods, treasurer; Mrs. Oyer Wright, press correspondent. Members: Mrs. Wm. Rees, Mrs. Elmer Eserup, Mrs. Clarence Whitlock, Mrs. Louis Roberts, Mrs. Fred Burch, Mrs. Wm. Oxley, Mrs. Samuel Darcy, Mrs. George Snyder, Mrs. James Seymour, Mrs. Marian Roberts, Mrs. Bright Sears, Mrs. George Brown, Mrs. George Schaaf and Mrs. Edward Evans.

The members of the entertaining club are: Mrs. Charles Davis, president; Mrs. A. A. Curry, vice president; Miss Violet Davis, secretary; Mrs. E. M. Tindall, treasurer. Members, Mrs. Florence Arnold, Mrs. Mae Bennett, Mrs. Lillian Cleary, Mrs. Margaret Colwell, Mrs. Mary Cunningham, Miss Blanche Cunningham, Mrs. Elia Dobyns, Mrs. Anna Drury, Mrs. Elizabeth Graff, Mrs. W. H. Hinrichsen, Mrs. Mary Holmes, Mrs. Mabel Holley, Mrs. Eva Hulet, Mrs. Julia Little, Miss Eleanor Moore, Mrs. Minnie Rainey, Mrs. Grace Rawlings, Mrs. Nellie Rice, Mrs. Jennie Richardson, Mrs. Lillian Scott, Miss Matilda Richardson, Mrs. Fannie Stewart, Mrs. Rosa Strawn, Mrs. Margaret Walter, Mrs. Beria Welborn.

SALEM SCHOOL WILL CLOSE.

The closing exercises of Salem Lutheran school will be held today. The year has been one of successful work under the direction of Rev. J. G. Kuppler, assisted by H. J. Sontag. Four diplomas of graduation from the eighth grade will be issued to the following: Leo Gruber, Amelia Middendorf, Vranse Noudett and Pauline Horner. Thursday a picnic will be held at Maple Grove where games, contests and various amusements, including a fish pond grab bag will occupy the afternoon. Refreshments including coffee and ice cream will be served on the ground and altogether the occasion promises to be one of great pleasure. All friends are invited to attend.

IS GIVEN SURPRISE.

Noel Wiley, who resides near Alexander, was given a very pleasant surprise Tuesday evening at his home, the occasion being his fortieth birthday. Ten friends came in for 6 o'clock dinner and a very pleasant evening was spent.
